The Ambassador of Switzerland

Sofia, 17 September 2020

Dear Mr. Motscheva,

I would like to thank you sincerely for the warm reception at the Opening of the school year at the Professional School of Fashion Design and the opportunity to discuss with you and your colleagues. I discovered an inclusive school with a dedicated management.

I took note of the questions raised by your colleague during our meeting concerning the curricula of similar school in Switzerland. We will try to find at least one similar school and provide you with their curricula.

Concerning the biodiversity project in the surroundings of the School, I wish you a lot of success and joy with the students. We can address again this topic when you will have more information on the project.

I wish to the students and your team an excellent school year in the Beautiful Veliko Turnovo.

With my best regards,

Muriel Berset Kohen

Ambassador of Switzerland in Bulgaria
